BOXES & URNS (INCLUDED IN PRICING)

SCATTER BOX

These are the scatter boxes provided in the "Scatter Box" pricing. These are ideal if you are wanting to source your own urn or scatter the ashes. They will come stamped with your pets name. We provide the right size depending on the weight of your pet.

ROSEWOOD URN

These rosewood urns are our standard urns and are included in the "Wooden" pricing. These are a lovely wooden box with brass detail. Available in small, medium and large. We provide the right size depending on the weight of your pet.

All urn choices come with a cremation certificate, sympathy card and a white rose.

Plaques

We also have the option to have a plaque added to your wooden urn. These come on a gold look plate and are sized to suit the urn, about the size of a standard business card.

The price for these are \$35.00 and you can have anything you choose engraved, along with symbols like paw prints, hearts etc. They can take up to five working days to complete as they are done off site, though they are often completed sooner.

Paw Prints

We can take paw prints of your pet before their cremation. The price for this service is \$35.00 for one A5 print returned and includes two – four paws printed (depending on the size of the paws).

We use black ink on white card and are framed in your choice of a black or white frame.

The print will pick up bits of fur etc. between the paw pads, leaving a unique print of your pets paws. The perfect keepsake.
